Yes, please make the one minor modification (take out the cc) and send it over for their review.

I think this is the right version, but we need to take out the OAR cc that Cari added because OAR doesn't cc their own office staff on memos they sign. All we need is an electronic version for OAR's IO to review and they are not in a huge hurry. Once they tell us they have reviewed, we can begin prepping the package for Susan's signature, again – likely next week or after the holidays. If everyone is OK with it, I can make the edit to the cc list on this document and send it over for OAR's review right now. Thanks.

This one? Does the world come to an end if this doesn't get signed by Susan tomorrow?

Rob,

This is the version. Should we also include Mandy in the ccs?

Thanks,
